

Wikiprint Book

Title: 1. Chemistry configurations

Subject: Igcmg_doc - Doc/Models/INCA

Version: 10

Date: 04/26/24 17:27:13

Table of Content

The INCA model	3
1. Chemistry configurations	3
2. INCA users' manual	3

The INCA model

1. Chemistry configurations

The INCA model offers different chemistry configurations:

- NMHC_AER : methane chemistry and non methane chemistry + aerosols
- GES : greenhouse gases
- AER : aerosols only using a prescribed chemistry

2. INCA users' manual

- The INCA technical notes can be found on this [wiki page](#).
- The INCA scientific notes can be found on this [webpage](#).
