

Additional slides for NDC meeting Jan 202

Contents

- Update on position of Verification & Validation group
- Messages for Steering Committee

Update on V&V group

- Group members are Mike Bell, Massimiliano Drudi, Dorotea Iovino, Claire Levy, Nicolas Martin, Seb Masson, Pierre Mathiot, Simon Mueller, Julien le Sommer
- Aiming to put specific proposals in a coherent framework
- What we have now; what we could have; roadmap for development
- Met several times
- Have material to write
- Writing is quite challenging – in progress

Messages to Steering Committee

- Summary of progress this year, the impact of IMMERSE, challenge of 2020 merge
- Request each member to prepare an assessment of how IMMERSE resources add to the 1FTE of their institution, for 2019 and 2020
- Proposal to separate Science Advisory Committee from Developers Committee and draft Terms of reference for SAC
- Proposed changes to NDC (e.g. proposal to involve WG leaders in formulation of WP)
- Overall assessment of progress against strategy (NDS)
 - What the Verification & validation WG is doing
 - Position on the Physical processes WG
